See you at Singing Woods on September 17

Hi:

I hope you are looking forward to our next field trip as much as I am. I'm sending this reminder that we will be meeting at 9:30 a.m. on Thursday, September 17 at **Singing Woods/ Tawny Oaks Nature Preserve**. I will be waiting near the pavilion/ shelter adjacent to the parking lot.

I have begun developing a list of the insect species we encounter on our excursions. If possible, please send me the photos you have taken of insects on our field trips so far. I hope to have a reasonable documentation of the species, but I can't do this without your photos. Just send them to me by email as soon as possible. You can find the page at this link - https://centralillinoisinsects.org/2026-olli-study-group/

I have updated our web page - https://insectsmatter.net/olli/olli-26/ with information for our September 17 session. Please examine the updates.

As always, please reach out to me with any questions and comments.

See you at 9:30 on September 17 at Singing Woods/ Tawny Oaks Preserve. Who knows what magical creatures we will encounter as we creep through the prairie?
